## ATMOSPHERE

The most important aspect of creating this lovely oasis was to showcase a venue where newcomers to Cannabis would feel welcome and appreciated. And as if just being in Carmel-By-The-Sea isn't enough of a reward, the marble floors and walls will allow you the feeling of high luxury. Adorned with crystal chandeliers and gold touches, the clean aesthetic is there for you to see. All the while, maintaining a sense of security from the moment you enter the store. The products are all meticulously selected and the presentation of this beautiful space, they are so well qualified when one enters the words imprinted on a massive slab upon entry that read: FULFILLMENT OF INTENTION.

## PRODUCT SELECTION

Like most quality minded consumers, you often look to the growers who paved the path for social change. So, when it comes to flower, it makes sense to work with mostly Northern California brands like Fig Farms, Old King and Talking Trees. When you're on the hunt for tinctures, capsules and edibles, Care By Design has a plethora of offerings behind the elegant, custom infinity glass cases. You see, low dosage is never be pressured to attempt the big plunge before first dipping a toe. And when tinctures, salves and transdermal patches are your preferred method of easing the lesson, Mary's Medicinals is always available and trustworthy. Finally, if inconsistent sleep is your nemesis, the A&M Time Capsules will right the ship, as well as a plethora of other wonderful CannabisCare products.

## SPECIAL PRICES/SPECIAL PEOPLE

This small, boutique team of patient educators have more Cannabis background and medicinal training than any Cannabis retail shop in the state of California. Chances are you'll be greeted with the huge personality of Kendra, who will definitely direct you to your best fit. The licensed pharmacist, David, worked in the pharmaceutical industry and now advises on dosage protocols according to your needs. This may be a bit of a surprise, but it's a great thing to know. And with Mary's Medicinals, you may be able to get a special price on the plant for people. Tinctures and topicals are 15% off on Tuesdays with the same discount for all edible purchases on Wednesdays. In fact, there's a special every day of the week with a daily discount of 20% for Veterans, and even 10% for patients, teachers and students.
